Two applicants attended to discuss DC/19/20

4. **Applications.**

5. DC/19/0095

To be discussed further on Monday, but there was concern about speed of traffic, any smell of petrol for houses in Faygate?

So far, our comment would be:

'We are awaiting reports from WSCC Highways and the applicant's responses to the questions raised by Environmental Health before making further comments.'

DC/19/0129

No objections however, we do not think that yew should be included in the planting scheme as it is deadly poisonous to livestock and deer.

DC/19/0020

No objections to the extension, however please can you refer this application to the Arboriculturalist at HDC to ensure that any of the trees in the development site will not be affected by the construction.
